100%
of your gift
stays here, in our
community.

NYOH Community
Cancer
Foundation

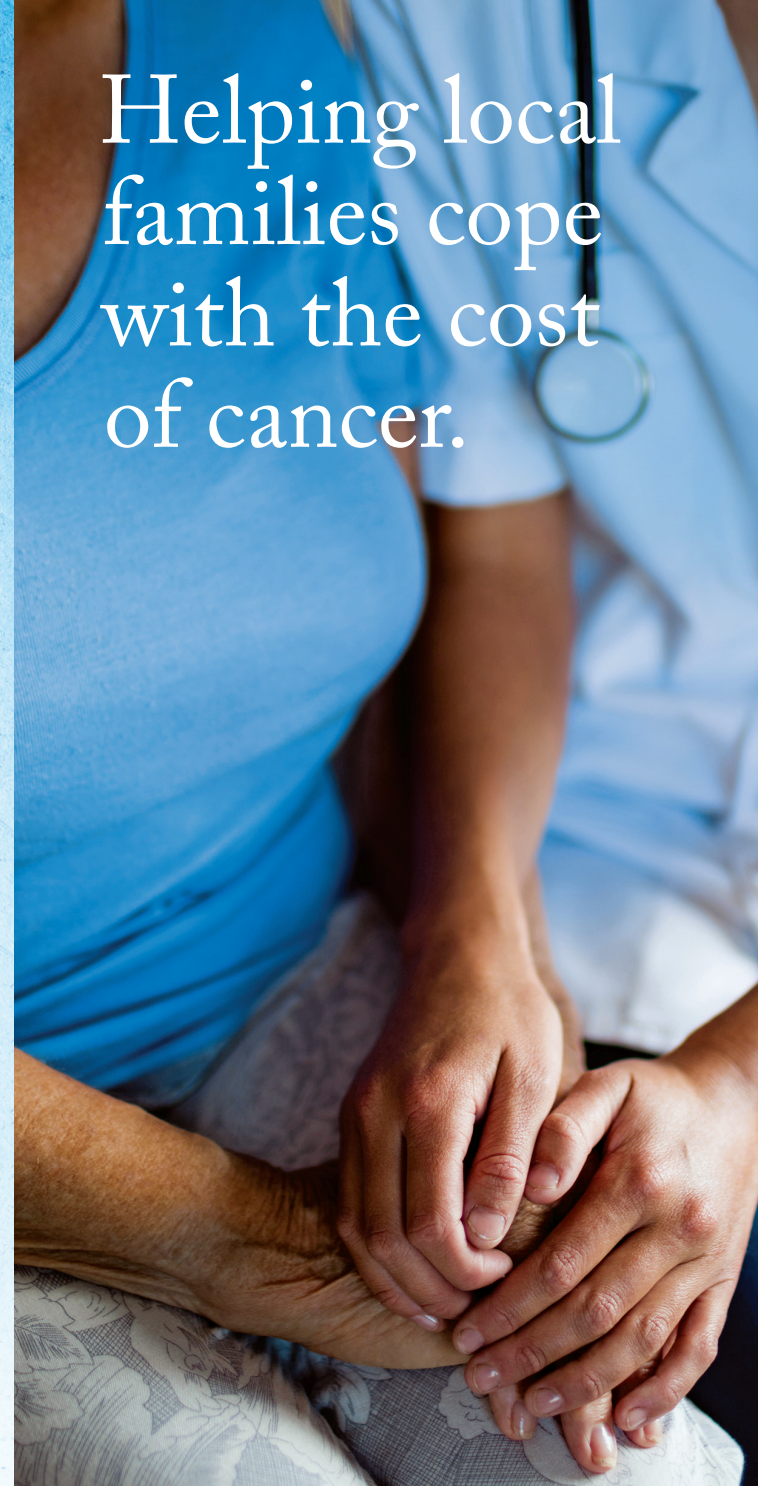

Founded in 2000, the NYOH Community Cancer Foundation was created by patients, physicians and staff of New York Oncology Hematology. An independent, 501(c)3, we provide financial support to local patients during cancer treatment.

Helping local
families cope
with the cost
of cancer.

NYOH Community
Cancer
Foundation

Cancer treatment
can take a toll.

Not just on the body,
but on a family's
bottom line.

You can help
local families.
Here's how:

Founded by a group of
physicians, staff and patients,
the NYOH Community Cancer
Foundation has been providing
financial assistance to local
cancer patients since 2000.

The NYOH Community
Cancer Foundation raises
money from individuals and
organizations—and 100% of your
tax-deductible gift stays right
here in our community, helping
local patients and families.

From gas cards to groceries,
we know the little things can
make a big difference during
cancer treatment.

> Make a donation:

From \$5 to \$5,000, every gift to our foundation
goes directly to a local cancer patient in need.

All gifts made to the NYOH Community
Cancer Foundation are 100% tax-deductible.

Donate online via our website:

> Honor a physician or staff member:

Following cancer
treatment, many patients and their families wish
to thank physicians, nurses or staff at NYOH, who
helped them during their cancer journey. Because
federal law limits personal gifts for
medical professionals, many
make a gift to the foundation,
in honor of those who
provide their care.

> Hold a fundraiser:

Golf tournaments, community walks, school
and workplace events are all ways that groups
raise money for the NYOH Community
Cancer Foundation. Many honor a current
patient or celebrate the memory of someone
cared for at NYOH.

> Designate a memorial:

Many families also choose to honor a loved
one's physician and caregivers by designating
NYOH Community Cancer Foundation for
memorial gifts. We will let a patient's family
know, when a gift has been made in memory
of an individual.

> Make a bequest:

No one knows the challenges of cancer
treatment better than our patients and their
families. That is why many set up a bequest to
ensure that future cancer patients receive the
assistance they need during treatment.
