

Join us for an informative new program that takes you through all phases of the Chronic Lymphocytic Leukemia (CLL) journey: from diagnosis through treatment and into survivorship.

Location: Virtual/Online program through Zoom- Register to receive login link

* Optimal viewing for this program is on a computer or mobile device using the Zoom application. Audio only is an option. Email address is needed to get login information. If you do not have a valid email address, please call the staff person listed below to register.

Speakers: **Dr. Nicole Lamanna**, Associate Professor, Leukemia Service, Director of CLL Program, Columbia University Medical Center
Frances Ford, Licensed Clinical Social Worker, New York Oncology Hematology

Date/Time: Wednesday, August 12th 2020
Log in: 5:50 PM
Program: 6:00 PM

Program Description:

This program is designed to provide attendees with essential information that will help you participate more actively and confidently in decisions about your CLL treatment and survivorship.

CLL patients, caregivers, family and friends will gain a better understanding of:

- CLL treatment, including standard care and clinical trials
- Strategies to make informed decisions about treatment
- Tips for communicating with your health care team
- Strategies to manage disease and treatment side effects
- Strategies for managing ongoing cancer survivorship issues, including financial and employment challenges, as well as psychosocial issues
- Resources available in your local community, at cancer centers, and those provided by LLS

The program is free. Space is limited. Registration is required.
